Napoleon Perdis Stroke of Genius Liquid Cashmere Foundation

New formula Stroke of Genius Liquid Cashmere Foundation SPF30 keeps everything you loved about the original - that signature silky finish and buildable coverage but now offers SPF 30.

The original offered SPF 20, this formula now delivers broad-spectrum SPF 30, built for the realities of the Australian climate. No compromise, no extra step - just better protection, already in your foundation.

Where the original was made mainly for coverage, this formula is infused with 2% Niacinamide (Vitamin B3) to visibly brighten and actively support your skin barrier with every wear. Antioxidant Vitamin E helps defend against daily environmental stressors, while gentle Bisabolol keeps skin comfortable, soothed, and calm throughout the day. Your foundation is now doing double duty.

One more change worth noting - the built-in brush applicator is gone, by design. A cleaner, more hygienic application every time.

The result? Naturally flawless, radiant skin that looks luminous, refined, and effortlessly even. Coverage that genuinely cares for your skin as much as it enhances it. Once you've worn a foundation that nourishes while it covers, you won't go back. **\$79.00**
