Napoleon Perdís Auto Pilot Calming Primer

Introducing the Napoleon Perdís Auto Pilot Calming Primer, a revolutionary product ideal for those with sensitive skin or anyone looking to minimize redness and irritation. This silky-soft, pearl-green primer is a colour-correcting marvel that minimizes redness and imperfections while creating the perfect canvas for your complexion products. Its unique formula not only smooths and evens out skin texture but also nourishes and strengthens your skin's barrier layer, protecting it against irritants and dehydration.

The Auto Pilot Calming Primer is versatile enough to be worn under makeup or on its own. The green-tinted formula works to counteract red tones in the skin, effectively colour-correcting while soothing on contact. Enriched with powerful ingredients like Algae Extract, Erythritol, Sorbitol, and Vitamin E, this primer tackles redness at its source, providing hydration, nourishment, and antioxidant protection.

To use, simply apply the primer to areas needing correction or priming after your skincare routine. Whether you choose to follow with makeup or wear it alone for colour correction and coverage, the Auto Pilot Calming Primer promises to keep your skin cool, calm, and protected. **\$52.00**

September 2025

Brendon and Emi are attending the Scrapheap Adventure Ride to Lake Cargelligo in early October. We are selling raffle tickets in store and welcome any donations to raise funds for Down Syndrome Australia. Have a great time!

As we welcome the warmer weather, unfortunately some of us may experience hayfever and allergy symptoms due to the increased pollen and allergens in the air. We have an array of products to help ease those symptoms, including our featured product Allermist nasal spray on page 2.

Specials in our Spring Offers catalogue are available from 11th September until 17th October 2025. Purchase any item from the catalogue and enter online to WIN a \$5000 Groceries egift card!

Healthy regards, Brendon, Emma & Justine
