NERVALGESIC MUSCLE

Pain physiology is complex, involving neuronal (nerve), neuromuscular and inflammatory processes, which trigger physical pain symptoms (in both nerves and muscles). The nervous system can then amplify those sensations, leading to a vicious pain cycle.

Levagen+™ PEA is a cutting-edge ingredient for mild nerve pain and inflammation, while magnesium relieves mild muscle spasms and cramps.

Combining high strength PEA with bioavailable magnesium, Nervalgesic™ Muscle works on both the neuronal and muscular processes to break the pain cycle.

Directions: (Adults 18+)

To relieve pain and inflammation: Take 1 scoop (5g) twice daily.

To support muscle relaxation: Take 1 scoop (5g) daily.

Add 1 scoop (5g) to 200mL water and stir until colour changes from deep blue to pink. The natural black carrot interacts when mixed with water causing this colour change.
