Napoleon Perdis Camera Finish Powder Foundation

DESCRIPTION: A mineral powder foundation containing a clever anti-aging complex to assist in slowing premature aging. Formulated with Vitamins C and E to provide additional antioxidant protection. Its built-in mirror makes this the perfect longwear foundation for on-the-go application - meaning you'll never want to leave home without it.

COVERAGE: Sheer-Medium

FINISH: Matte

HOW TO USE: Apply with the sponge applicator or Powder Brush s25, taking care to blend into the hairline, around the nose and under the jaw line. The generous mirror allows for quick touch-ups to maintain that flawless finish all day (and night) long.

Nature's Way Magnesium Gummies

Nature's Way Extra Strength Magnesium Gummies are a delicious and easy-to-take magnesium supplement to support muscle health and nervous system function. Combined with the benefit of Vitamin D3 as a co-ingredient, Magnesium and Vitamin D3 work together to support muscle and bone health. Vitamin D3 also supports muscle function when sun exposure is inadequate. Magnesium can also help to relieve mild muscle pain, cramps, spasms and stiffness when dietary intake is inadequate.

99% Sugar Free

Adult Dose: Take ONE daily for general health or TWO daily for muscle health & to reduce cramps

Bamboo Socks

There are so many benefits of bamboo socks! They're naturally antibacterial, hypoallergenic, thermo-regulating and wick away moisture to keep feet fresh and dry. They're also eco-friendly because bamboo plants are carbon-neutral, self-regenerating, fast-growing and need less water.

ROCKTAPE

Go stronger, longer

Unlike rigid tape, which many people find too stiff and restrictive, ROCKTAPE is stretchy and is quickly becoming the preferred tape used by Practitioners as an adjunct to treat injuries by reducing pain and accelerating recovery. ROCKTAPE can also enhance performance by improving form and technique, as well as reducing post-exercise soreness.

Baby Sebamed

Help protect your baby's skin from the very first day. The protective function of your baby's skin is not fully developed at birth. It needs a stable pH of 5.5 to develop. Baby sebamed skincare products are formulated exactly at pH 5.5 to help support the build-up of this vital defence right from the start.
