## Hydralyte

Dehydration and heat-related illnesses (plus other unrelated illnesses affected by heat) can be a particular challenge during the summer months. Replacing lost fluids and electrolytes is the most important initial step in managing dehydration

Early signs of mild dehydration to watch out for include: thirst, dry mouth, headaches, reduced concentration, darker urine.

**Hydralyte** will rapidly rehydrate the body during: vigorous exercise, heavy sweating, occasional hangovers, pregnancy, vomiting & diarrhoea, heat and travel.

We stock Hydralyte in Effervescent Electrolyte Tablets, Electrolyte Ice Blocks, Electrolyte Powder and Ready to Use Drinks.

Great Flavours to choose from: Apple & Black Currant, Tropical, Lemonade, Lemon & Lime, Peach and Strawberry & Kiwi.

**Priced from \$16.50**
